SUMMARY

Ambitious and focused Science student with a keen interest in cybersecurity. Capable of thriving in dynamic environments, adept at meeting strict deadlines, and skilled in multitasking.

EDUCATION

2022 - Present	Bachelor's Degree at University of Petroleum and Energy Studies (GPA: 7.8/10.0)	
2022	Class 12th CBSE Board	75 Percentage
2020	Class 10th CBSE Board	89 Percentage

PROJECTS

Keylog

[Link to Project](#)

- Developed a Python-based keylogger application utilizing the pynput library to capture and log user keystrokes on a targeted system.
- Implemented features to record keystrokes discreetly in real-time, storing them in a secure log file for later analysis.
- Skills used** : python, pynput, threading, node.js

WebTech

[Link to Project](#)

- Created a sleek and organized watch website using HTML5, structuring content with semantic elements like header, nav and footer for clarity and accessibility.
- Implemented CSS for visually appealing layouts, employing techniques like flexbox or grid for responsive design.
- Skills used**: HTML, CSS, node.js

WebTech2

[Link to Project](#)

- Extention of WebTech with new feature of AtlasDB using moongose for SignIn/SignUp.
- Defined Mongoose schemas to structure user data within the database, facilitating efficient CRUD operations.
- Skills used**: HTML, CSS, node.js, Express, MongoDB.

SKILLS

Languages	Python, HTML, CSS, Latex, express, node.js
Programming	SQL, NMAP, Steghide, burpsuit, wireshark
Version Control	Git, GitHub, VScode, bash, Linux, API Security
